uni-ball PLASTIC FREE PACKAGING

Mitsubishi Pencil Australia's plastic free packaging is now available, marking a change from single use plastic blisters to fully recyclable packaging. Our plastic free packaging is made from 100% recycled cardboard, made with vegetable based inks and is completely biodegradable. We have rolled out the new packaging across our most popular lines including uni-ball Eye, Signo 307, Gel Impact and uni Jetstream, with the remaining range to follow.

Every effort has been made from sourcing to manufacturing, to ensure the packaging reduces our carbon footprint.

INSTRUCTIONS

1. Shake the marker vigorously, with the cap securely attached.

2. On a sheet, press down the tip several times to start the paint flowing. Replace the cap tightly after use.

The ball inside the barrel mixes the paint, giving an even consistency. The cap provides a perfect seal ensuring protection and longevity of the tip. Store in horizontal position.
